Another Brother of C. E. Cunningham Dies From Injury in Tornado

Third Brother and Sister-in-law Near Death, Sons Bring Word

Mayor Murrill Cunningham and his brothers, Harvey of Arlington Heights and Clifford of Waukegan arrived home Sunday afternoon from the tornado stricken community of Desloge with word that another uncle, Lawrence Cunningham had died of injuries received in the twister.

He is the brother of C. E. Cunningham, Antioch.

An uncle of the mayor and two aunts Mr. and Mrs. Hubert Cunningham and Mrs. Emmett Cunningham were killed instantly in the same tornado.

Near death are Emmett Cunningham of Colorado Springs, husband of the dead woman, and Mrs. Lawrence Cunningham at whose farm home the tornado struck and killed or injured the rest. The house was demolished.

Mayor Cunningham talked to his cousin, Lowell Cunningham who resided 8 miles distant from Desloge and he said his family took refuge in a storm cellar and escaped injury. Nine buildings including the house on his farm were wrecked. He and his family watched their house lifted 30 feet in the air by the twister and then burst like a bomb shell.

Mayor Cunningham said that the tornado cut a path from 500 to 1,000 yards wide a distance of eight miles starting at Desloge.

Antioch Wins Final From Ela Bears 11-0, Loses to Grant 9-4

Antioch High School ended its baseball season with a proper note by defeating Ela-Vernon here 11 to 0 Monday.

The game was marked by the two-hit pitching of Bernie LaBrose, Antioch's freshman find, who was backed by his teammates with errorless ball.

LaBrose had good control and had the Bears popping into the air, six going to the outfield on routine fly balls and four to the first baseman. He walked but three and fanned seven.

Only one Ela-Vernon player got as far as second base.

The Antioch team was dotted with freshman players as the season ended. They joined the seniors (continued on page 5)

Antioch Township Justices of the Peace Pledge Efforts to Collect Delinquent Property Taxes

An all-out drive to collect personal property taxes is planned for Antioch Township and the rest of Lake county, Antioch Township Justices of the Peace pledged along with 46 other officials in a meeting Monday evening at Waukegan.

Justices Richard Seyfarth, Richard Folbrich, Jack Stieber, and Herbert Litchfield attended the session at the Lake County Court House called by State Atty. Thomas J. Moran, acting on instructions by the County Board of Supervisors.

John Brogan was the only Antioch Township justice of the peace absent. Fifty-one of the 98 JPs and police magistrates in the county were in attendance.

Immediate goal of the drive is to collect the bulk of more than \$750,000 outstanding in 1954 and 1955 taxes. Here's how the campaign will be operated:

1. A list of delinquent tax accounts will be rushed to JPs by the office of County Treasurer Guy O. Lunn, perhaps within four days after the deadline.

2. The JPs must sort out the accounts of those they know have either died or moved out of the county, thus making the job easier for the constable.

3. There must be no compromise by the JPs who pledged they would carry cases through to the end, Moran said.

4. The state's attorney's office will issue and sign garnishment papers, perhaps the toughest step in the collection of taxes and one that state's attorneys previously declined to take.

5. An assistant state's attorney will be assigned to work almost full time with the JPs and he will prosecute five problem cases in each township.

JPs from throughout the county agreed that the key to the success of the drive was provided with Moran's promise to sign garnishment papers.

Moran suggested that before beginning new cases that the JPs turn over to him all uncollected accounts on which they have entered judgment.

The program will begin by seizing either the wages or property of these delinquent tax payers.

Other Speakers

Speakers at the meeting included, besides Moran, County Board Chairman Emmett Moroney of Highland Park, Assistant Deerfield Township Supervisor Frank Peers and Highland Park Police Magistrate Samuel S. Smith.

The Highland Park magistrate, one of the few now collecting personal property taxes in the county, told the JPs how it's done.

"You weed out the dead wood," he said, "and then arrange the remainder of the accounts to make it as easy for the constable as possible."

"After the constable serves, say 50 summonses, you will receive about 25 checks in the mail. Antioch (continued on page 5)

Pickus Advocates

Robert Pickus, instructor at University of Chicago, told 40 members of the Antioch Lions club in a dinner meeting at the Rurallite Monday evening that if the United States would spend as much money in educating and improving the lot of its fellowman as it is in preparation for war, there will be no war.

Using the subject, "Who's Thinking About War," Pickus indicated that friendly persuasion is a better way to promote peace than using the big stick.

The club heard reports on the plans for the annual carnival and the opening of the swimming pool.

Memorial Service On Wednesday in Antioch, Lake Villa

Rep. W. J. Murphy Speaker Here; 35 Units to Be In Local Parade

The Antioch community will pay its respects to the men and women who gave their lives in military service tomorrow.

By the placing of a wreath on the village memorial plaque, the firing of a salute and the sounding of taps, the living will attempt to show appreciation to those who have made the sacrifice so that the American way of life can carry on.

Thirty-five units will start lining up at the Antioch High School at 10 a.m. and, headed by the colors and the school band, will parade up Main St. to Orchard and then west to the Village Park at Broadway. Edward Jahneke will be parade marshal.

Dan Lightsey, past commander of the Antioch American Legion Post, will serve as master of ceremonies for the program at the park.

The Rev. Edmund Hood of St. Ignatius Episcopal church will give the invocation. Lightsey will then introduce the leaders of the military service groups, the Gold Star Mothers and the village officials.

The band will play two selections after which Lightsey will introduce the main speaker, the Honorable W. J. Murphy, Little Lake, representative to the Illinois State Legislature.

Rep. Murphy is expected to apply his remarks to the memory of those who have served from Antioch township.

At the conclusion of his speech, a Gold Star Mother will place a wreath on the Memorial plaque; a firing squad made up of American Legion and Veterans of Foreign Wars members will fire a salute and W. V. Lahti, commander of the Antioch Post, American Legion, will blow taps.

Special committees will decorate graves in the Antioch area, placing flags on the graves of service men and women.

Program at Lake Villa

Lake Villa will have a similar program with a parade from the grade school to Lahmann Park at 10:30 a.m. and a service at the park.

Aqua Center Will Open at 1 P.M. Saturday; Pool in Excellent Condition, Newly Painted

The Antioch swimming pool Aqua Center will open at 1 p.m. Saturday, weather permitting.

Bad weather delayed the painting of the pool and it cannot be opened on Memorial Day as planned. Lions Club members worked far into Monday night in putting on the paint so that it would be dry for the weekend.

"The pool came through the winter in fine shape," said Dr. G. W. Jensen, president of the Lions Club Com. Service Corp. "With the painting and the enlargement of the bath house, it is in excellent condition for this summer. All we need now is warm weather to make it a popular place."

Warren Polley, athletic director at Antioch Township High school, again will serve as manager. He will be assisted by Kenneth Smouse.

Guards will be Walter Shepard for the month before he takes his summer military training; Carol Hansen, who is a freshman at Normal University; Gwen Royer who was a guard last year; Mary Shep-

ard, and in the building, William Wolfenbarger.

Classes in swimming will start June 24 with some being operated on Mondays and Wednesdays, and others on Tuesdays and Thursdays.

The classes will last six weeks. Manager Polley said that for enrollment, application can be made at the pool. The pool phone number will be 1162.

Grass Roots Opinion

RIVERTON, WYO., RANGER: "The States and the local school district are doing a much better job building schools than the Federal government ever thought they could... We have the wherewithal the knowledge, the local control over our American schools. Let's keep Washington's finger out of the education pie."

WEST BRANCH, IOWA, TIMES: "From the 'What's New Dept.', Ready-to-eat meat that you can

warm for serving without a stove or fire; pull a tab on the box and a chemical heats it up."

LEESBURG, FLA., DAILY COMMERCIAL:

"There's nothing like a horde of ants to break up a picnic. While we had a 'picnic' debating and philosophizing about Juan Peron, deposed Argentine dictator, a less newsworthy character from that country was busy infiltrating the United States from Mobile, Ala., to Wake County, N. C. The Argentine fire ant apparently arrived on a South American ship 24 years ago, by-passed immigration officials and went to work. The ants reportedly have spread over 22 million acres."

BASSETT, NEBR., LEADER: "At the present time with the greatest prosperity our nation has ever known nothing is being done to reduce our national debt, but rather the spending is at an accelerated rate. It is said the high rate of taxation is a curb to inflation. Perhaps it is, but for our money we would prefer to see some of that money used to retire the national debt rather than spent on 'programs.'"

ST. JOHN, KANS., NEWS: "Divine law does not suggest that the poor tithe and the wealthy pay half their substance. Yet in this nation we are witnessing an accelerating tendency toward taking a larger proportion from those who have more to pay the bill for those who have less."

Capital Substitutes for Labor

A newsletter written by two members of the Department of Agricultural Economics of Purdue University observes: "Every improvement in the efficiency of farm production which has occurred since man first tilled the soil with a crooked stick has meant the substitution of capital for human labor. This substitution has been so rapid in the United States during the past 15 years that in 1955 each farm worker in agriculture supplied 19 other persons with food compared to only ten in 1940. During this same 15 years, labor requirements, percentage-wise, were reduced almost as much as during the previous 120 years. A large share of this increase efficiency resulted from improved farm equipment."

Agriculture has become a skilled, highly mechanized business—and like other business, represents a substantial capital investment. Measured in dollars of constant value, the investment per agricultural worker in machinery increased 360 per cent between 1940 and 1956. Here is one of the principal reasons why it has been possible to greatly increase farm production from a virtually fixed farm acreage.

The Purdue authorities also state: "The knowledge on the part of many farmers of the savings to be gained through full utilization of optimum size machines has brought tremendous pressure to increase the size of the family farm in the level areas of the United States." We occasionally hear it said that the family farm is passing. What actually has happened is that it is changing with the times, and for the better.

Resistance Melts
"Of the remaining 15, perhaps 10 will show up in court. About seven or eight of these will be writing out checks and complaining bitterly at the same time. This sight will soon melt away the resistance of all but one or two of the others."

He said that in the stubborn cases you must follow through with an attachment order and seize their property.

He indicated that "somebody may have to be made the goat."

Another bit of advice he had for JP's: "Don't listen to talk about how unfair the tax is."

Moran later described the tax as "unpopular" but added that once it is being collected from everyone the taxpayers would put pressure on the assessors to "make it fair."

The state's attorney said that 74.81 per cent of the total amount of money due from the 1955 tax has been paid "without enforcement."

He added that those who are paying, "are carrying the deadbeats."

Moran, in warning that there "must be no compromise with anyone," announced that payment of 1955 taxes would not be accepted by the county treasurer after the July 1 deadline.

Added Expense
He said this would mean that anyone who fails to pay before that date will face the added expense of court costs and constable fees.

"In many cases the costs will be as much or more than the amount of the tax bill," Moran said. "This should be incentive enough for most persons to pay up."

Moran backed up Smith's contention that there are only two legal defenses against paying the tax bills and costs once the judgment has been entered. These two are (1) a valid receipt showing the tax has been paid and (2) proof that there was fraud involved.

Moran said that after two years all other legal protections for the taxpayer have been exhausted, including the defense based on a certificate of error issued by the assessor.

Moroney and Peers, speaking for the county board, disclosed plans in the tentative stage for an educational program to be carried into the township acquainting taxpayers where their money goes.

Both stressed that approximately 80 per cent of the tax income goes to the schools right in their own neighborhood.

"Once the taxpayer understands

some of these things, I don't think there will be any trouble from anyone," Moroney said. However, he warned that in the meantime, the JP's might as well brace for an onslaught of criticism.

"I'm afraid you will all take some abuse," he said, "but being public officials you are all used to that."

He promised that after five years or so it would be different.

Antioch, Trevor Men Charged With Larceny

Joseph R. Pechulls, 20, Antioch, is one of five men booked for grand larceny in connection with the disappearance of motors and motor parts from Johnson Motors in Waukegan where they were employed.

Also held is Lewis E. Ezelle, 31, R. F. D. 1, Trevor, Wis., who is charged with receiving stolen property. The other three men are Alvin E. Anthony, 25, Winthrop Harbor, Leon E. Taylor, 22, Waukegan; and Thomas Budill, 21, McHenry.

Their bonds range from \$3,500 to \$10,000.

Plant guards and Waukegan police found a new outboard motor and a gas can in Ezelle's car Friday and arrested him Saturday. He was said to have sold a \$350 motor to a Wilmot bait shop man for \$75. Kenosha officers found a quantity of marine parts at his home Sunday.

Pechulls and Taylor will have their hearings June 13, and Anthony and Budill on June 5.

Dodgers, Yanks, Tigers Win First Games of Season

The Little League finally got going last weekend after having four attempts at starting the 1957 season rained out. Friday night the Dodgers won a close game from the Giants 6 to 5. Sunday afternoon the double header crowd saw the Yankees shut out the Sox 2 to 0, and in the night cap game the Tigers beat the Cubs 9 to 5.

In the Yankee-Six game, Lundblad and Ennis were the battery for the Yanks and Lundblad went the full six innings giving up only two hits. The Sox used Sweeney and Carter on the mound with Lamont behind the plate.

The Tigers used Hogan on the mound in their first win of the season. Lang was the losing pitcher for the Cubs with Donovan catching.

The Little League standings as of Sunday night were as follows:

Team	sponsor	w	l	pet.
Yanks	Nat'l Bank	1	0	1.000
Tigers	State Bank	1	0	1.000
Dodgers	L'son-B'man	1	0	1.000
Sox	Dupre Heat	0	1	.000
Cubs	Ant. S'center	0	1	.000
Giants	Ant. Lumber	0	1	.000

Next week the Little League schedule will be as follows:

Tuesday, May 28th 6:15 p.m. Tigers vs. Sox.

Sunday, June 2nd 1:15 p.m. Yankees vs. Tigers.

Sunday, June 2nd 3:00 p.m. Giants vs. Cubs.

Next Wednesday night the Antioch Pony League Team will open its season at Antioch when it plays Mundelein at 6:15 p.m. at the Little League field.

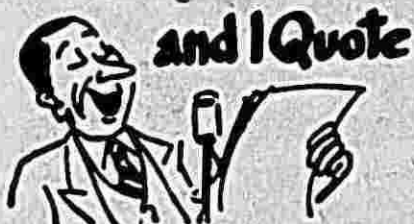

Record System Will Increase Dairy Profits

Weigh-A-Day-A-Month is a new, low-cost dairy record-keeping program. It can increase herd profits for many Lake County dairymen, says Ray T. Nicholas, Lake County Farm Adviser.

Under this new program, you simply weigh the milk of each cow at night and morning milkings on the 15th day of each month. Record the milk weighs on a simple form and mail it to Ray T. Nicholas. He will analyze the records and return a report of monthly milk production, total production for each cow to that date and yearly herd total production to date.

University of Illinois studies show that dairy farmers have increased their returns above feed costs as much as \$14 a cow in their second year of record-keeping. Records from Weigh-A-Day-A-Month will guide you in feeding each cow according to production, in culling unprofitable producers and in selecting high-producing cows to raise herd replacements.

If you are interested in the new record-keeping program, contact your county farm adviser right away. The program will start as soon as 10 dairymen have enrolled.

Lake County Chairman Told Nat. Red Cross In Financial Trouble

Mr. and Mrs. Paul Ahern, of Lake Forest, Mr. William J. Wuestenfeld, of DeWoody Lane, and Arthur E. Jackson, of Waukegan, returned Thursday of last week from the National Convention of the American Red Cross held in Washington, D. C.

The American Red Cross is in dire financial circumstances. This statement was the underlying theme at the convention. Mr. E. Roland Harriman, National Chairman of the Red Cross, and President Eisenhower both stated that the many disasters affecting all parts of the country, such as the Eastern and Western states floods, Hungarian Relief and others, have diminished the Red Cross reserves in the amount of \$50,000,000.00. President Eisenhower urged immediate action from the chapters not only for more funds but for more chapters.

"The strongest force in the world is the spirit of man," said President Eisenhower. "Let each person at this convention go home and find two more dedicated volunteers for the Red Cross."

E. Roland Harriman, National Chairman, complimented the workers for the good job done by the Red Cross in helping people. He said that years of great achievement are always difficult years and

that this era will be considered some day as one of "great achievement."

Paul Ahern is the Chairman Elect of the Lake County chapter. Mr. William J. Wuestenfeld is the outgoing chairman and Arthur E. Jackson is the manager of the Lake County chapter.

Antioch Wins Final.....

(continued from page 1)
in a barrage of hits, Christensen getting a home run, Jonas three two-baggers, and Pyles a three-base hit.

Antioch scored in every inning. The victory made up for the defeat handed the Sequoias by Grant at Ingleside Friday 9 to 4, and made the final conference standing for Antioch 5 victories, seven losses, or .417, while with nine-conference games it was 6 victories and 7 losses for .462 per cent.

Although Antioch loaded the bags three times, Dennis Hodge prevented the Sequoias scoring. On the other hand Grant came through with timely hits with men on bases. After Mike LaBrose left the mound in the fifth the Bulldogs treated his successor Don Pyles just as badly.

6 WAYS IN SIZE*

You'd actually have to reach up into the most expensive car class to get more seating capacity than The Big-M gives you. Yet Mercury is priced just above the low-priced three.

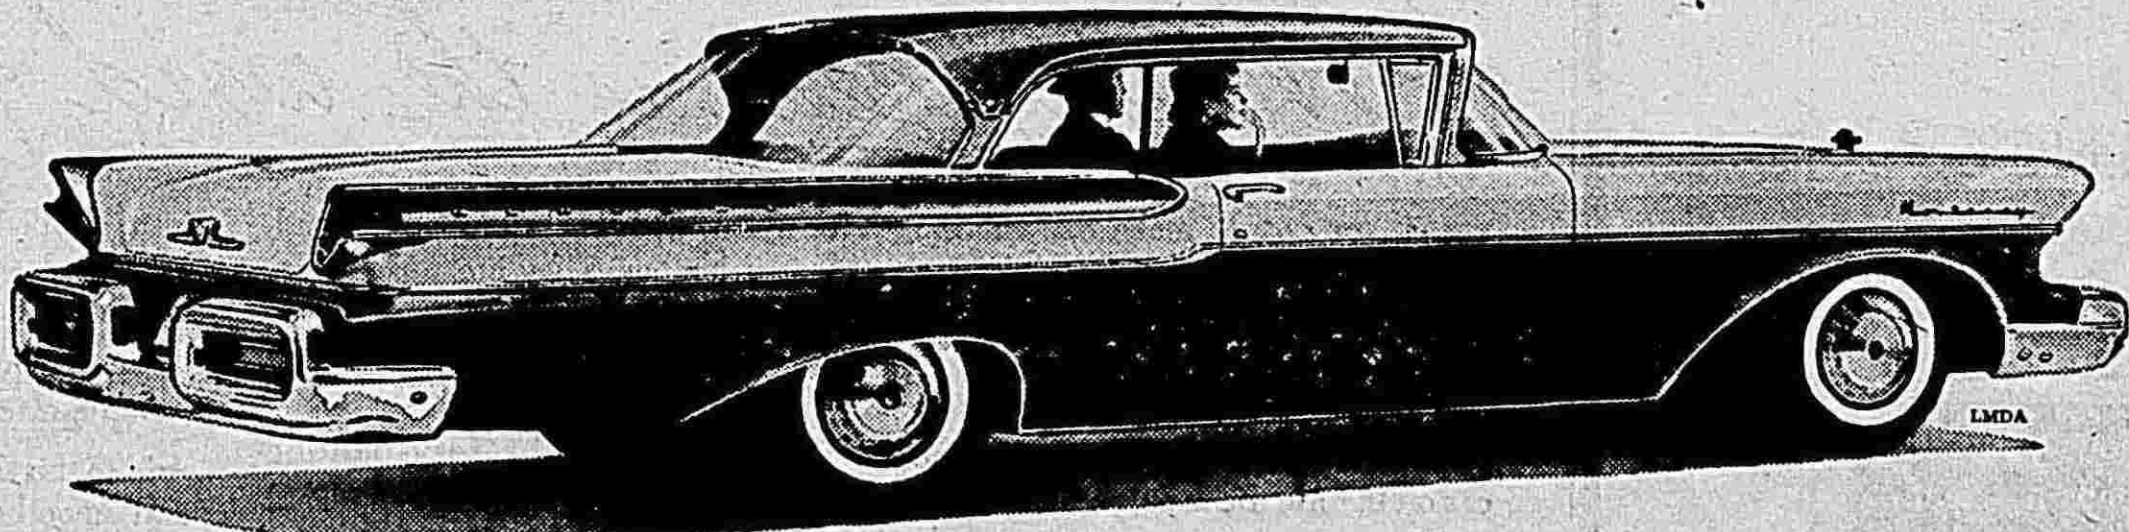

*Comparisons based on 1957 Mercury Monterey Phaeton Sedan and comparative models in nearest price range.

4 WAYS IN POWER

These are the mightiest, most efficient engines in Mercury history! Ingenious Power-Booster Fan, available in Montclair series, coasts when not needed, saves horsepower other cars waste.

7 WAYS IN FEATURES

Wherever you look, you see Mercury's Dream-Car features. Inside, outside, under the hood. That's why auto critics say it has more new features than any car in the last ten years!

NEVER BEFORE HAS SO MUCH BIGNESS AND LUXURY COST SO LITTLE!

That's the wonderful thing about a Mercury. For all its bigness and power and advanced new features, it fits right into the most modest car budget. The step up from the lowest priced cars is a small one. The

difference in what you get is enormous. Come in today and see for yourself what it's like to own a car that takes orders like a private and commands the road like a general!

ROADMASTER 75

Magnificent is the word for it

WE SET OUT to make this car the most luxurious automobile our skilled craftsmen could create.

And we believe that when you see it, and drive it, you will—in all honesty—consider it the most magnificent fine car on the American scene today.

Naturally, the superb new interior of the ROADMASTER 75 is what you will judge first.

For the seats are fashioned in super finished wool broadcloth

or nylon, with backs topped in hand-buffed leather. They are wide, deep, superbly soft—and flanked by luxurious doors fully upholstered and cushioned from floor to window.

The chromed and safety-padded instrument panel, the wide-sweeping armrests, the deep-pile carpeting—each is designed to a new excellence.

With equal pride, we invite your judgment of the new performance here.

For only here—among all fine cars—do you have the smoothness and

instant obedience of Variable Pitch Dynaflo—plus the might of Buick's newest and most powerful V8 engine.

Motoring's Newest Advance
—Air-Cooled Aluminum Brakes

Add to this the extra luxury and surety and smoothness of air-cooled aluminum front brakes—the newest and finest in the fine-car field—and you have the heart of the story.

Your Buick dealer will be glad to show you Buick's new ROADMASTER 75. See him this week.

Live a Useful, Unselfish Life, Rev. Robinson Tells High School Class in Baccalaureate Talk

"How you resolve the conflict between the struggle for selfish desire and the generous impulse to be of service will determine the nature of your future," the Rev. Gerald B. Robinson, Lake Villa Methodist minister told the Antioch High School graduating class Sunday.

Mr. Robinson delivered the baccalaureate address at the high school before a large crowd of parents and friends besides members of the 1957 class.

The class entered to the music of the processional played by Lois Wagner, pianist.

The Rev. Howard Benson, pastor of the Antioch Methodist church, gave the invocation and at the close, the benediction. The high school select choir under the direction of Kenneth Smouse sang "The Lord's Prayer," "Cherubim Song No. 7," and "The Lord Bless You and Keep You."

The Rev. Mr. Robinson said in his address that "one of the greatest problems of our day is finding men and women who are qualified both by their training and their attitude that will make them valuable servants to industry and to the total community."

"A selfish attitude reduces the productivity of any individual," he said.

"You stand on the threshold of

a new life," he told the young people, "with the world knocking at your door, challenging you to use every potential ability you may possess in serving the world, and at the same time opening before you an ever expanding life. . . . Don't hang up a 'Busy' or 'Not at Home' sign in your mind and so have opportunity pass you by and leave you to wither and die."

"I'm sure that all of you want a happy meaningful, and secure life. That will come to you as you rise to the challenge that the world has flung at you."

"You never get something for nothing. Life can be likened to a candy vending machine. You cannot pull the lever and get candy without first putting in your coin. The good things of life come only after you have poured out yourself in service to God and your fellow man," he concluded.

ILLINOIS PRODUCED 7,156,000 BARRELS OF OIL DURING MARCH, according to the monthly report of the State Geological Survey. A marked decline in drilling activities in the oil fields is shown by the report. Well completions fell to the lowest mark in three years in March, and no new oil pools were discovered. For the first three months of this year, well completions are about 23 per cent below those of the first quarter last year.

MOTOR VEHICLE CRASHES ON ILLINOIS HIGHWAYS KILLED 178 PERSONS DURING MARCH. This is an increase of 15 per cent over the number of fatalities reported in March 1956. Reviewing this showing, Governor William G. Stratten pointed out that the March 1957 highway death toll was the highest for that month in Illinois during the past five years.

Salem Central Beats Burlington in Finale

Salem Central closed its baseball season Friday night by defeating Burlington at Salem 9 to 1. The victory gave the Falcons a 5-5 record for the season.

While his teammates were pounding Burlington pitches all over the park, Richard Skora was setting a new school record. He put down 17 Burlington batters via the strikeout route. The previous record was set last year against the same school, when Ben Zeihen fanned 16 Burlington batters on his way to a no-hitter.

Dick Weber and John Fassbinder

hit homers for Salem, each accounting for two runs. A triple by Dave Westman and a double by Bob Schroeder were Central's only other extrabase blows.
